

## TABLE FEEDER

- Keeps forage supplements well out of reach of badgers. (1meter above ground)
- Can be used with blocks, buckets and tubs
- Can be used for cattle in mixed grazing as sheep are unable to reach
- Made of durable recycled plastic and is filled with water to prevent it being knocked over.
- Mechanical handling only when full
- Allow 1 feeder per 15-20 cattle
- Dimensions; Height: 110cm, Width: 260cm (measurements are approximate)

## RUMEVITE BLOCK CONTAINER

- Use at grass with cattle and sheep
- Site over the total grazing area in order to avoid poaching the ground.
- Can be secured to a vehicle as a block carrier and towed for easier movement.
- Self draining to help keep blocks dry
- Allow 1 feeder per 15 cattle or 40 sheep

## SPIKE FEEDER

- Ideal for ewes and lambs at grass and on root/forage crops
- Keeps blocks clean and dry and controls consumption
- Allow one feeder per 40 sheep

## WALL/GATE MOUNTED FEEDER

- For feeding Rumevite to housed cattle and sheep
- Fix to the barrier or gate at head height for cattle and sheep
- Keeps blocks clean and dry and controls consumption
- Allow 1 feeder per 15 cattle or 40 sheep

## LIQUID FEEDER

- Allows free-access feeding with controlled consumption
- Capacity 40 litres
- Easy top filling for all types of liquid feeds
- Allow 1 feeder per 15 cattle or 40 sheep
