

How to feed SUPAlyx

Cattle Products: Offer ad lib, free-access 1 bucket (22.5kg) per 10 -15 head of cattle or 1 x 100kg tub for up to 50 head of cattle

Sheep Products: Offer ad lib, free-access 1 bucket (22.5kg) per 20-30 sheep or 1 x 100kg tub for 90 sheep

- Place buckets away from drinking water
- Move feeding site occasionally to avoid poaching

SUPAlyx intakes and requirements

	g/head/day	22.5kg buckets/ 35head/month
Beef and Dairy	150 - 500	3-10
Growing Cattle	100 - 300	2-6
Ewes and Lambs	20-150	1-7

These figures are only a guide as various other factors will influence intake such as:

- Quality of grazing, basal diet and other feeds available
- Animal production level, previous product experience, age and liveweight
- Placement in proximity to water source
- In very dry conditions intake can be stimulated by wetting the product surface occasionally

Nutritional supplements for
Health, Fertility & Performance

RUMENCO 

SUPAlyx are nutritional licks for cattle and sheep and are designed to improve the value of home grown forages by

- Stimulating intake • Improving digestibility by up to 10%
- Correcting deficiencies • Supplements protein & energy at crucial times

Top 5 benefits

1. Eight different formulations- year round, versatile feeding solutions for correcting deficiencies and adding value to your pastures and forages.
2. High cane molasses inclusion - immediate acceptance, consistent and controlled consumption,
3. Fully formulated- no need to feed salt licks or additional mineral supplements.
4. Convenient - available in two different product weights 22.5kg and 100kg to suit your system
5. Value for money - complete mineral/ vitamin supplement for cattle from around 6p/head/day or for your sheep, 3p/ewe/day

SUPAlyx Super Energy Plus with fish oil (22.5kg & 100kg)

A combination feed and mineral supplement. Formulated with 16MJ/kg extra-high level of rumen by-pass energy and natural protein, it is suitable for all cattle, ewes and lambs. Use at bulling time, tugging time pre and post-calving or lambing for excellent results

SUPAlyx High Energy & Protein (22.5kg & 100kg)

A feed and mineral supplement ideal for use at grass and with high forage rations where extra energy and protein are both required.

SUPAlyx Cattle Booster (22.5kg & 100kg)

A cattle feed and mineral supplement developed for use at grass and with high forage rations where extra energy and protein are both required.

SUPAlyx Sheep (22.5kg)

A highly molassed mineral-vitamin lick. For in-lamb ewes and lambs at grass or on high forage systems. Fully supplemented and includes protected zinc and high levels of Vitamin E.

SUPAlyx Cattle (22.5kg)

A highly molassed mineral-vitamin lick for all cattle on forage systems. Rich in trace elements, including protected zinc and copper for improved health, fertility and growth.

SUPAlyx Magnesium (22.5kg)

Provides extra palatable magnesium for breeding and lactating cattle and sheep at risk from staggers during the spring and autumn grass flush. Not suitable for feeding pre-lambing or to lambs

SUPAlyx Garlic (22.5kg)

An easy and effective way of helping to repel flies and biting insects from irritating stock. Also provides the full range of essential minerals and vitamins to balance the shortfalls in grass and forages. *Available with added copper on request

SUPAlyx Mag Booster (22.5kg & 100kg)

A combination feed and mineral supplement with extra high level of magnesium. Feed to breeding and lactating cows and sheep at risk from staggers and requiring additional energy and protein. Ideal for use in the autumn grazing period or a late spring.

SUPAlyx Organic (22.5kg & 100kg)

A combination organic feed and mineral supplement which meets current organic regulations and is Soil Association approved. Ideal for cattle and sheep at grass and on high forage systems.

SUPAlyx Organic Refill (20g)

Constructed from edible materials of plant origin the Organic refill is a solution to reduce plastic waste from buckets on farm. Designed for use as a refill product for the SUPAlyx Organic buckets (22.5kg)

Cattle

Cows & heifers at bulling

Dairy & beef cows, young stock & store cattle on grass, silage, hay & straw based rations

Dairy & beef cows, young stock & store cattle on grass, silage, hay & straw based rations

For dairy & suckler cows and all cattle all year round to support health and performance. Ideal at summer grass and to balance mineral deficiencies in forage and grazing
