Rumevite® Sheep Super

Extra high energy feed and mineral block containing fish oil for breeding ewes, flock replacements and weaned lambs to support optimal health, fertility and performance.

Features & benefits:

- Proven to increase live lambs born by up to 22%*
- Extra high energy levels from fermentable (starch and sugar) and protected (fat) sources to help support ewe body condition from tupping through to lambing, as well as growth performance of flock replacements and weaned lambs.
- Good levels of protein, including natural and urea sources, to help support milk production in ewes and good frame growth in flock replacements and weaned lambs.
- Contains fish oil as a source of omega-3 fatty acids to help support fertility and conception rates at tupping time.
- Fortified with minerals, vitamins and trace elements to help complement levels often found lacking in forages, including protected zinc to help support fertility and hoof health.
- Contains Phytotec** to support robust digestive health, daily liveweight gain and improved feed conversion efficiency.

*Independent trial compared to no supplementation.

Ideal for:

- Ewes from 2 weeks pre-tupping for 8 weeks.
- In-lamb ewes from 6 weeks pre-lambing.
- Flock replacements and weaned lambs.

User guide:

- Offer in Rumevite feeders to help control intakes and reduce contamination at a ratio of one per 35 head of sheep.
- Ensure ad-lib forage is always available.
- Do not offer to sheep under 3 months of age.

Typical intakes:

- Sheep up to 300g/head/day#.

Product Specification:

Crude protein %	18
Urea %	2.5
Crude fat %	7
Crude ash %	19
Energy (MJ ME/kg DM)	13
Calcium %	3.3
Phosphorus %	0.27
Magnesium %	2
Sodium %	✓
Selenium mg/kg	✓
Cobalt mg/kg	✓
Iodine mg/kg	✓
Manganese mg/kg	✓
Zinc* mg/kg	✓
Vitamin A iu/kg	✓
Vitamin D ₃ iu/kg	✓
Vitamin E iu/kg	✓

*Includes protected zinc

**14" Rumevite® blocks also benefit from the addition of Phytotec for additional digestive health support.

Consumption will be influenced by number of feed points per head of stock, forage availability and quality, other feeds available, age and breed of stock and proximity to water sources.

Spec Number 1.2

Rumevite Spike Feeder

- Ideal for sheep at grass and on root/forage crops
- Keeps blocks clean and dry and controls consumption

Rumevite Block Feeder

- Use at grass with sheep to prevent block biting and wastage
- Site over the total grazing area in order to avoid poaching the ground

Rumevite Wall / Gate Mounted Feeder

- Ideal for feeding Rumevite to stock indoors
- Fix to the feed barrier or gate at head height for sheep
- Keeps blocks clean and dry and controls consumption
